

Managed Databases

➤ Xaasio's comprehensive Database-as-a-Service (DBaaS)

Benefits

Reduced Operational Overhead

Offload routine tasks to Xaasio's experts, minimizing the need for in-house database administrators.

Scalability

Adjust resources effortlessly to meet changing demands without downtime or manual effort.

Enhanced Security

Protect sensitive data with strong security measures and regulatory compliance.

Cost Efficiency

Pay only for what you use with flexible pricing, lowering total cost of ownership.

Improved Performance

Maximize database performance with advanced optimization techniques.

Overview

Xaasio Managed Database offers a reliable, scalable, and secure database management solution tailored to meet the needs of modern enterprises. With Xaasio, you can focus on innovation and growth while we handle the complexities of database management.

Why Xaasio?

Make in India Company.

Offers comprehensive life cycle administration, including monitoring, alerting, and seamless upgrade.

Reduces Total Cost Of Ownership (TCO) for cloud infrastructure.

Provides long-term security updates and compliance with international standards.

Simple Configuration and Upkeep

Effortlessly set up and maintain your database with intuitive setup wizards, automated backups, seamless scaling, and proactive monitoring. Focus on your business, we handle the rest.

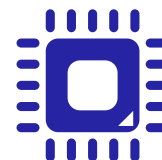

Flexible Scaling

Effortlessly adjust resources with minimal downtime, ensuring optimal performance and cost-efficiency. Scale storage and compute automatically to meet your business needs.

Complimentary Daily Backups

Xaasio Managed Database provides daily automated backups at no extra cost, ensuring your data is always protected and easily recoverable. Enjoy peace of mind knowing your data is safe and secure without any additional effort.

Seamless Failover Process

Xaasio Managed Database ensures continuous availability with an automatic failover process. If an issue arises, your database swiftly switches to a backup without disruption, keeping your operations running smoothly.

Consistently High Performance

Xaasio Managed Database delivers reliable, high-speed performance with advanced optimization and tuning. Enjoy fast, efficient database operations, even under heavy loads.

Comprehensive Security Measures

Xaasio Managed Database ensures robust protection with end-to-end encryption, compliance with industry standards, and role-based access control. Safeguard your data with our multi-layered security approach.

Key Features

Fully Managed Service

Xaasio's managed service covers all database needs, ensuring optimal security and performance.

Multi-Cloud Support

Xaasio Managed Databases support multi-cloud deployment, tailored to your business needs.

Performance Optimization

Xaasio optimizes database performance with auto-indexing, query tuning, and monitoring.

Security & Compliance

Xaasio safeguards your data with encryption, network isolation, and role-based access, while ensuring compliance with industry standards.

Xaasio for a Reason!

Xaasio Managed Database simplifies database operations by handling installation, backups, and scaling for databases like MySQL, PostgreSQL, and MongoDB.

Support & Service

- 24 x 7 engineering support by technical experts.
- Assured response time of 15 minutes and round the clock support to solve critical issues.

SLAs

- Upto 99.9% availability SLA.
- Read/Write latency SLA
